for schools

Read this to raise their future salary

**Let's open doors for your
child to earn an extra £1,088 every year*,
through career-enhancing work experience**

We all want the best for our children but with the world of work changing so fast, it's hard to prepare them for what's to come. Did you know there's one thing you can do right now to empower them, without it costing you a penny?

We are a UK-wide charity that gives young people from state schools and colleges fully funded opportunities to meet leading employers and gain valuable insights.

Our research* confirms that as well as building confidence, improving career knowledge and developing essential skills, attending high-quality work experience has the power to:

- **Raise your child's future earnings** – Increasing their annual salary by £1,088 for each type of work experience done.
- **Improve their employability** – Reducing their chance of becoming Not in Education or Employment (NEET) from 11 to 7%.

*Based on the results of a recent YouGov survey of 2,098 18-30-year-olds who completed work experience while still in school or college.

Let them know about the power of work experience!

We offer a quick and easy way for your child to find and apply for taster sessions as well as longer virtual and in-person placements with leading employers such as Virgin, TikTok, Bentley Motors, Tesco, Boots, the NHS, Vodafone and Spotify.

Once registered on our secure portal, your child can:

- Discover career-enhancing opportunities with over 1,000 big-name brands
- Get work experience from anywhere in the UK

Just encourage your child to follow our simple 3-step process to start them on their way...

Proof that work experience works

Anna grew up in a rural area of Scotland. At 16, she did a virtual work experience placement through Speakers for Schools which she believes helped her to secure an apprenticeship with the same company.

"I was lucky enough to find out that I had been successful in getting the apprenticeship just as the virtual sessions began.

I feel that applying for the work experience showed the panel that I was keen to learn more about Dounreay and contributed to my success in getting an apprenticeship."

More life-changing opportunities

Is your child's school/college signed up for our [inspirational talks programme](#) or our [National Teen Book Club](#)? Click the links to learn about yet more opportunities available to state schools and colleges, and their students.
